In enclosing for the information of Government a copy of the resolution passed at the meeting of the City Medical A.R.P. Committee held yesterday, I have the honour to state that it was felt that if first aid arrangements (including first aid posts, parties and A.R.P. emergency hospitals) are to function in an efficient manner it would be necessary for a whole time medical officer of the status of a District Medical Officer from now on to constantly supervise the professional side of the work and to act as laison officer between the First Aid Organisation and the Hospitals. It was further suggested by the members of the Committee that if necessary a retired Medical Officer may be recalled and posted for this work with a suitable honararium.

I solicit early orders of Government.

I have the honour to be,
Sir,
Your most obedient servant,

N. Madhava Rao

Sir,

With reference to your letter No.2881/W dated the 6th May 1942 re. the appointment of a whole-time medical officer to act as liaison officer between the First Aid Organisation and the Hospitals, I have the honour to state that I had a personal discussion with the A.R.P. Controller about this subject. He is of opinion that the appointment of a medical officer of the status of a District Medical Officer is not necessary at present as the Assistant Surgeon already posted to work under the A.R.P. Controller will attend to this work and act as a liaison officer between the First Aid Organisation and the Hospitals.
